

Certified Professionals

MISSION I.T.'s Apple and Microsoft Certified Professionals have the knowledge and experience to quickly analyze and resolve many computer and home network problems effectively and affordably.

Our Professionals would be happy to help you with your Mac or PC equipment. We have over 25 years of experience in service, support, helpdesk and installations of computer systems and networks in homes and in small businesses.

Beyond Service

By request, we'll even stop by the computer store or meet you there and help you pick out things then install them and show how they work.

Not only do we know computers, we also can help you with your Home Entertainment System and setting up a Home Media Server.

In all, this means we assemble it all, plug it in, set it up, make it work with what you've got and patiently show you how to use it. If things stop working, don't worry..we'll also come out and fix them for you.

How can we help you today?

We can help you from computer installations to resolving problems with your Mac or PC equipment. We can also help you transfer data to your new computer or setup your wireless network and connect you to the Internet and email.

We can upgrade your computer to the latest operating system or install Windows on your Mac. We can help you with your iPhone or Blackberry as well as help you learn your Mac or PC, and more.

MISSION I.T.

Schedule Your Service

Call Us Today!
312-863-1600

Schedule a highly skilled Apple and Microsoft-Certified Professional at your home or business at your convenience, from 8am to 10pm, 7 days a week. Contact us anytime, day or night, to schedule your service.

Ready to be at your Service

MISSION I.T. has by far the fastest response time anywhere; our Apple and Microsoft-Certified Professionals are less than one hour away from your doorstep.

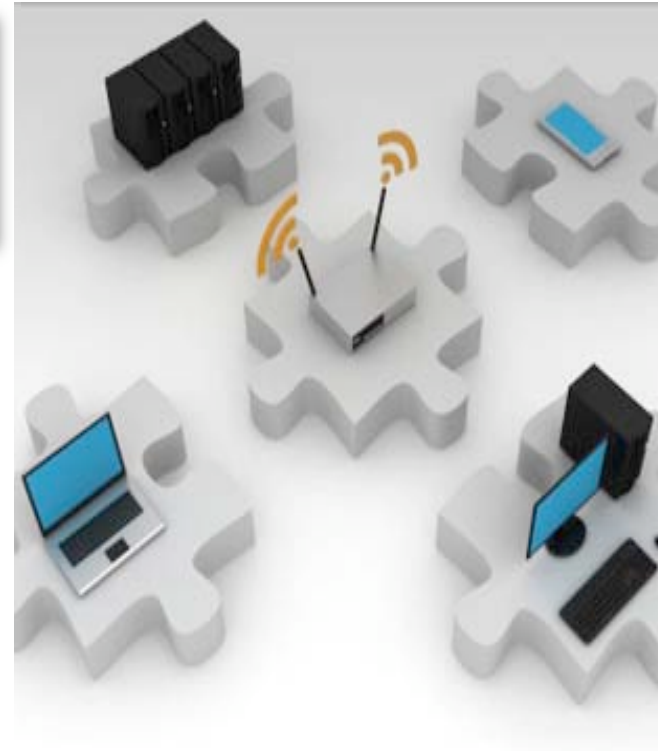

Our Professionals are well versed in Mac and PC hardware and software, and are prepared to resolve almost any computer emergency at your home or small business with your complete satisfaction.

Need help getting started?

When you're ready to get high-speed Internet or ready to buy your new Mac or PC computer and printer, and you might need assistance getting started, give us a call!

We'll take the time to set it all up just right, we'll be happy to setup your new computer and printer, connect you to the Internet and your email, and give you a brief tutor lesson on your computer and printer all in a matter of an hour at a low cost.

Testimonials

"I'm really happy with the service that your company provided me, I can't believe the difference in my computers performance, it was money well spent"

- James - Residential Customer

"I learned more in the time you were here than I have learned over the course of my years working with a computer"

- Maureen - Residential Customer
